5. Cookies

5.1 Technical or functional cookies

Some cookies ensure that certain parts of the website work properly and that your user preferences remain known. By placing functional cookies, we make it easier for you to visit our website. This way, you do not need to repeatedly enter the same information when visiting our website and, for example, the items remain in your shopping cart until you have paid. We may place these cookies without your consent.

5.2 Analytical cookies

We use analytical cookies to optimize the website experience for our users. With these analytical cookies we get insights in the usage of our website. We ask your permission to place analytical cookies.

5.3 Social media buttons

On our website we have included buttons for Facebook and Twitter to promote webpages (e.g. “like”, “pin”) or share (e.g. “tweet”) on social networks like Facebook and Twitter. These buttons work using pieces of code coming from Facebook and Twitter themselves. This code places cookies. These social media buttons also can store and process certain information, so a personalized advertisement can be shown to you.

Please read the privacy statement of these social networks (which can change regularly) to read what they do with your (personal) data which they process using these cookies. The data that is retrieved is anonymized as much as possible. Facebook and Twitter are located in the United States.
